Inner Traditions Publishing House • Rochester, Vermont

Inner Traditions has been publishing books for the spiritual and healing journey since 1975. With over 2,000 books in print, Inner Traditions/Bear & Co. is a rich source of wisdom and instruction for the spiritual aspirant and holistic health practitioner.

Our name says it all: “Inner” because our books address the dimension beyond the material plane and “Traditions” because ancient people have done it before (*and often better!*), although very often much of this wisdom has been lost, corrupted, or destroyed. It is our mission to rediscover, preserve, and protect the inner traditions of the world so that humanity will forever have the tools to create a better future that will celebrate and heal the earth.
