

CAROUSEL CALENDARS

2024

WE'RE MAKING SERIOUS REDUCTIONS IN PLASTIC!

Our **Plastic-Free Packaging** range has increased again this year in our ongoing commitment towards reducing plastic from our calendar packaging.

Carousel's trailblazing range of plastic-free calendars and diaries now includes over 4 million free of plastic packaging and all are printed on FSC stock.

Now, well over 65% of our calendars and diaries are packaged without the use of plastic. These include the majority of our wall and slim calendars, as well as all our easels, page-a-day calendars and our diaries.

All Carousel products are FSC certified.

AN ENVIRONMENTALLY RESPONSIBLE COMPANY

We are pleased to announce that we are part of the Science Based Targets Initiative (SBTi). Science-based targets provide companies with a clearly defined pathway on how much and how quickly they need to reduce their greenhouse gas (GHG) emissions. Under this scheme, we're on our way to reducing our Scope 1 and 2 GHG emissions by 46% by 2030 (from our 2019 base year). We also commit to encouraging 50% of our key product suppliers to sign up to SBTi by 2025.

Engaging with our partners and suppliers to get them to adopt SBTi is critical if we are to reduce the emissions of the entire supply chain.

Alongside our 'big picture' commitments, which included moving to 100% renewable energy in 2021, changing to LED lighting, and moving our fleet over to electric or hybrid, we've also worked on the smaller areas, which include adjusting automatic light settings and using mini PCs and we continue to work on the smaller areas that all help us to achieve our commitment.

Another project is the wildlife haven at our head offices. We've taken a piece of unused land covered in a beautiful stretch of woodland to create a sanctuary for plants and wildlife, as well as a peaceful place for the mental health and wellbeing of our employees.

Wall Calendars

Although the classic 12 x 12 Square format is a staple part of our wall calendar range, we also feature a selection of Square Wiro and A3 Wall calendars. Apart from a couple of exceptions, all products within this section have month-to-view layouts. We offer a hugely diverse range of content from gardening to entertainment and art to wildlife, including top licences within most of these categories.

Mini Calendars

The Mini calendar is a popular little format and sales have been growing over the last few years. Traditionally sold at a lower price point than the square walls, this is an easy pick-up item for customers. The small size means they are ideally suited to smaller spaces such as office cubicles. We have a well-balanced selection of Mini Calendars on offer, all of which have month-to-view layouts.

Desk Calendars

Our Desk calendar section shows our free-standing calendars, which are primarily displayed on desks in offices and on tables or sideboards in the home. Formats include tear-off Box calendars that are full of trivia and facts or for a more compact option, our Mini day-to-day calendars are smaller than a full-size box calendar but still contain a quote or fact per day. All Carousel box calendars are now completely plastic free.

Diaries

Featuring a huge range of top licences, our desk diaries offer a mixture of wire and casebound formats printed to a high standard on premium materials. It also includes a small range of A5 family planners which are growing in popularity. The slim diary is the perfect portable organiser, fitting comfortably in jacket pockets or small handbags. Almost all of the diaries in our range have one page for each week of the year, with a full page picture to kick-start each month.
